*It is mandatory to use our BaliRoadBike jerseys during the tour.*

**DAY 1 - Airport pick-up and hotel check-in - D:** You will be escorted with a private driver from the airport to your hotel in Ubud, where you will have time to check your bike and relax surrounded by ricefields, before the start of the tour on the day after.

**DAY 2 - 70km - 600m climb - BLD:** We start our first day with an "easy" ride going gently up and down through some beautiful villages surrounded by rice paddy fields on the outskirts of Ubud, to continue through the magnificent temple of Taman Ayun in Mengwi, and finish in Tanah Lot, where we stop for our first night. After lunch and check-in at the hotel, all riders will have the possibility to visit Tanah Lot and the great occasion of finishing the day by looking at the sunset in one of the most iconic spots of Bali.

**DAY 3 - 90km - 1900m climb - BLD:** We will leave our hotel after a light breakfast and slowly start for one of our most intense days on the saddle. Gently uphill out of town, we will hit the best and quietest backroads and head to the UNESCO heritage site of Jatiluwih, through some 20km of easy-ish climbing. After some great riding overlooking the vastest ricefields in SE Asia, and lots of pictures, we will head to a short but intense climb to Lake Beratan and its temple, featured on the majority of Bali guide books covers all around the world. After lunch, we will carry on for our last stretch of climbing at the summit of which we will enjoy a spectacular view over the twin lakes of Tamblingan and Buyan, to continue for our night's rest in the town of Munduk, famous for its hiking and trekking trails, and the outstanding presence of nature all around.

**DAY 4 - 90km - 2000m climb - BLD:** Be ready for our toughest day. After breakfast and hotel check-out, we will start a difficult descent to leave Munduk behind, then easy down all the way to the North coast. Riding along a flat to rolling road along the coast, we will pass the cities of Lovina and Singaraja where we will enjoy a nice lunch based on fresh fish, overlooking the beach. Time for a little rest, then we will be hitting the longest climb of the whole trip: 40km uphill, from 0m above sea level all the way to to the highest road in Bali at 1715m, in one go. The long climb will then be followed by a short descent that will bring us to the end of our cycling day, overlooking Batur volcano and its lake, for a breathtaking finale. Time to check-in into our hotel, shower, and discover the town of Kintamani, its beautiful temple, and maybe have a hot springs bath by the lake.

**DAY 5 - 120km - 1100m - BLD:** Have you recovered from yesterday? No worries, today is indeed a longer ride, but easier with just a couple of short climbs. After leaving the volcano behind on a fast descent, we will head up to the Hindu Mother Temple of Besakih, on a quiet nice climb. After a short visit, we will continue downhill to the villages of Duda and Sibetan, while enjoying some spectacular views over the fields, and hit the town of Karangasem from which we will continue along the South-East coast, to Candidasa. Candidasa will be our lunch break option before heading along the coast through Padang Bai and the village of Sukawati, host to one of the biggest markets of the island. Just a few more kilometers to go, and we will finally reach Ubud passing along Mas, famous for the production of wooden items such as furniture, and handicrafts. Back to our hotel, with time to relax and start packing again.

**DAY 6 - Hotel checkout and transfer to the airport - B:** All packed and ready to go? Or would you like to extend your stay? Let us know and we will help you with all necessary arrangements. Otherwise, thank you for joining this great tour, and see you again!
