DAY 1 - Airport pick-up and hotel check-in - D: You will be escorted with a private driver from the airport to your hotel in Ubud, where you will have time to check your bike and relax surrounded by ricefields, before the start of the tour on the day after.

DAY 2 - 65km - 500m climb - BLD: We start our first day with an "easy" ride going gently up and down through some beautiful villages surrounded by rice paddy fields on the outskirts of Ubud, to continue through the magnificent temple of Taman Ayun in Mengwi, and finish in Tanah Lot, where we stop for our first night. After lunch and check-in at the hotel, all riders will have the possibility to visit Tanah Lot and the great occasion of finishing the day by looking at the sunset in one of the most iconic spots of Bali.

DAY 3 - 80km - 1900m climb - BLD: We will leave our hotel after a light breakfast and slowly start for one of our most intense days on the saddle. Gently uphill out of town, we will hit the best and quietest backroads and head to the UNESCO heritage site of Jatiluwih, through some 20km of easy-ish climbing. After some great riding overlooking the vastest ricefields in SE Asia, and lots of pictures, we will head to a short but intense climb to Lake Beratan and its temple, featured on the majority of Bali guide books covers all around the world. After lunch, we will carry on for our last stretch of climbing at the summit of which we will enjoy a spectacular view over the twin lakes of Tamblingan and Buyan, to continue for our night's rest in the town of Munduk, famous for its hiking and trekking trails, and the outstanding presence of nature all around.

DAY 4 - 70km - 300m climb - BLD: After breakfast and hotel check-out, we will start a difficult descent to leave Munduk behind, then easy down all the way to the North coast. Riding along a flat to rolling road along the coast, we will head to the West of the island and to one of its best snorkeling and diving locations: Menjangan, where we will stay for the night.

DAY 5 - 120km - 1100m - BLD: Long day today, with 120km to cover, but mostly flat around the National Park and then to the South. Rolling and flat terrain, mostly deserted for peace of riding, will accompany us to our lunch break, in time to charge our battery for the only climb of the day. The beautiful but demanding climb to Pupuan, will then be followed by a sweet descent to Lovina where our day will end.

DAY 6 - 100km - 600m - BLD: Mostly flat our ride today is definitely not difficult, but still long at 100km. We will stay along the coast, where we will enjoy a nice fish lunch, before heading to the famous town of Amed, a paradise for snorkelers, divers and surfers, that will host us for the night.

DAY 7 - 95km - 1500m - BLD: Let's leave beautiful Amed behind, and head towards her majesty Kintamani. A nice gentle climb through Sidemen area will be followed by a harder longer climb to the volcano. Our efforts will be compensated by a great view over the caldera, and a nice lunch. A beautiful descent will bring us back to Ubud, where our tour will end. Congratulations!!!

DAY 8 - Hotel checkout and transfer to the airport - B: All packed and ready to go? Or would you like to extend your stay? Let us know and we will help you with all necessary arrangements. Otherwise, thank you for joining this great tour, and see you again!
